THINKING OUTSIDE THE BOX LED US TO JUST THAT:

THE BOX.

MAXWELL PRODUCTS

ZIPBOX *or* POLYSKIN

ZIPBOX	POLYSKIN
Industry's first easy open box.	Industry's first FULLY MELTABLE container.
No staples, no tape. Lift flap and tear open.	Straight from pallet to melter. No opening, handling or disposal.
Rips open in seconds saving time with each box.	Pays for itself through increased productivity.
Opened boxes lay flat and stack neatly for easy removal from job site.	All season weather resistance for long term storage.
Safer to open, no knives or sharp tools required.	Structural, interlocking box design provides the industry's most stable pallet.
Less time, less money, less risk.	No plastic bags. Rapid-melt polymer beads ensure no agitator build-up or clogged pumps.
